TIME: The time stated on this certificate is expressed as the relevant time in Queensland.

DISCLAIMER: This certificate offers no legislative protection in the following instances:

Stolen Vehicle Information: The only unique vehicle identifier is the VIN. Some vehicle identification numbers (eg engine numbers) may be repeated and thereafter it is possible for a status of "stolen" to be showing on this certificate whereas it actually relates to another vehicle. If stolen status is shown on this certificate in relation to any identifier other than the VIN, you should make further enquiries at your local police station to verify the status of this vehicle.
Western Australia & Tasmania: The Office is able to provide information about security interest data for WA but this is not recognised under Queensland motor vehicle security interest law. Also, WA data held on the Queensland system may be up to 24 hours out of date. Tasmania is not a recognised State and its security interest data is not held on the national REVS system. You should contact WA and Tasmania direct and conduct a separate search.

VIN/Chassis: If you have not searched under the vehicle's Vehicle Identification Number (VIN)/Chassis Number, a REVS search may fail to disclose a registered security interest as the VIN/Chassis Number is a vehicle's prime identifier for recording security interests.

Cancellation - refers to either automatic or voluntary cancellation.

- automatic cancellation occurs when a registration payment is not received within 60 days of the expiry date or is not received for some other acceptable reason.
